Racist Incident Reporting System

Racism is WRONG Report It!

If you've experienced or witnessed a racist incident there **IS** something you can do!

By reporting the incident, you'll help us understand how often racist incidents occur and take action to ensure incidents like these can't happen again!

We can offer advice on different actions you take to get redress.

ENAR Ireland is working with community organisations in South Dublin and nationally to provide an independent system so you can report racism anonymously and without fear. Your local contact centre for reporting incidents is listed below; alternatively you can report the incident online.

Report Racist Incidents online at www.enarireland.org

Enar Ireland

Irish Network Against Racism in Ireland, bringing together anti-racist organisations who are committed to combating racism through collective action. We are the Irish coordination for the European Network Against Racism. South Dublin Community Platform, a network of organisations with social inclusions focus.

Report racism without fear to your Local Community Organisation
